11. G.O.Ms.No.96, Finance (B.Coord) Department, dated 31.03.2022.

ORDER:

In the reference ninth and tenth read above, orders had been issued for the continuance of the system of Quarterly Control of Appropriation in the year 2021-2022 for the purpose of better expenditure management, financial control and accountability.

2. After careful review, Government direct that the system of Quarterly Control of Appropriation shall continue to be implemented for the allocations made in Budget Estimates 2022-2023, as follows:

- (a) **The Quarterly Control of Appropriation shall be followed:** During the Vote-on-Account period also, the quarter-wise distribution allocation shall be made with reference to the total budgeted amount only under each Head of Account based on the Annexures I to V to this order.
- (b) The IFHRMS takes care of the QCA applicable and exempt heads of accounts notified by the Government from time to time.
- (c) The HoDs shall use the “Annual Allocation” mode and accordingly allot annual budget under each HoA to the respective DDOs. The system will distribute DDO-wise budget into four quarters and will allow the DDOs to incur the expenditure as per the QCA exempted / QCA applicability norms prescribed herein.

- (d) The budgetary allocation made in the IFHRMS will automatically reach the concerned Budget Controlling Officers (BCOs) / Drawing and Disbursing Officers and the authorized officials in the respective offices can see the budget allocated to them by logging into the IFHRMS using their user ID and password. The budget allocation details can be downloaded as a report and the print-out option is also facilitated in the IFHRMS.
- (e) In addition, the DDOs wise budget allocation / availability data will be automatically shown in the system for preparation and presentation of the bills by the DDOs to the Treasuries. Thus, once the budget allocation is completed properly by the HoDs / BCOs in the IFHRMS, there will not be any requirement to upload the budget data of any DDO through the WEB-ADI option by the Treasuries for the Budget 2022-23. **The back-end data updation / corrections are strictly prohibited and all the transactions must be carried out by the respective users only.**
- (f) Simultaneously, the Sub-Treasury / District Treasury / Pay & Accounts Offices can also see the budget allocation made to the DDOs attached to their treasury offices and can take a DDO-wise print-out of the same. Thus, the budget allocation completed in the IFHRMS facilitates the budget availability information to all the DDOs / Treasuries.
- (g) The IFHRMS generated quarterly budget allocation statement shall be verified by the HoDs and others BCOs and a copy of the IFHRMS generated quarter-wise distribution statement of appropriation duly signed should be sent to the Pay and Accounts Officers / Treasury Officers and the respective subordinate officers concerned. The subordinate offices and the Pay and Accounts Officers / Treasury Officers should ensure that the online budget distribution statement received from the higher offices is correctly reflected in their logins. Any variation / discrepancy noticed between the two figures, it must be immediately brought to the notice of the Finance (IFHRMS and SS) Department. Further, the bills shall be passed by the Treasury units based on actual eligibility norms as per this G.O.
- (h) The instructions given in (a) to (g) above shall equally apply to the BCOs and other subordinate offices and the HoDs must monitor and ensure that these instructions are scrupulously followed by their subordinate level offices also.
- (i) The Pay and Accounts Officers / Treasury Officers / Sub-Treasury Officers may admit salary and the items of expenditure indicated under "General Exemption" in paragraph 4 below without insisting on quarterly regulations.
- (j) Any additional expenditure in the quarter, over and above the authorized appropriation for that quarter, can be incurred only on the basis of a specific authorization by Government in Finance Department, through the IFHRMS, which, in turn must be distributed by the HoDs to the concerned DDOs wherever required.
- (k) The Commissioner of Treasuries and Accounts shall issue necessary instructions to his subordinates, to ensure that bills presented to them are cleared only with reference to these instructions.

- (l) The enforcement of the Quarterly Control of Appropriation system is to ensure the rush of expenditure at the close of the financial year is avoided and the quarterly allocations are utilized, as far as practicable in the same quarter itself. In order to remove operational difficulties and with the objective of ensuring smooth implementation of budgeted schemes, the Government also permit the Heads of Department to carryover the balance appropriation from the preceding quarter to the subsequent quarter during 2022-2023 and the same is incorporated in the IFHRMS wherein the unspent balance of the previous quarters will be automatically made eligible for spending in the current quarter.
- (m) As the additional sanctions are accorded over and above the provisions made in the Budget Estimates 2022-2023 where such budgetary provisions are insufficient to meet the expenditure, it is implied that the system of Quarterly Control of Appropriation is obviously relaxed for the entire provision made for the Financial Year while according additional sanctions so.

3. The Government also direct that:-

- (i) **The earlier practice of reserving 15% of the appropriation had been dispensed with from the year 2018-2019 onwards and the same should be followed for the year 2022-2023 also.** The available appropriation should be distributed as per the format in the Annexure I to V to this order. However, it is at the discretion of the HoD / Chief Controlling officials to keep a portion of the appropriation as a reserve under certain Heads of Account for valid reasons.
- (ii) The Heads of Departments are requested to ensure that the total expenditure including additional sanctions accorded by the Government from time to time, under the Demand (Revenue, Capital and Loan) shall not exceed the appropriation obtained in Vote-on-Account during the Vote-on-Account period **and the total appropriation available in Budget Estimates 2022-2023 and supplementary grants, if any, in the subsequent period, subject to the condition that this criteria is not applicable for the following items of expenditure:-**
 - (a) Charged expenditure
 - (b) Ways and Means Advances
 - (c) Advance drawals per Treasury Rule 27
 - (d) Expenditure under the major head 2245.
- (iii) Even in case of QCA relaxation accorded by the Government for any particular head of account and / or additional sanctions accorded by the Government, it should be ensured that the overall expenditure shall not exceed the available appropriation under particular Demand as mentioned in the para 3 (ii) above.

GENERAL EXEMPTIONS TO THE SYSTEM OF QUARTERLY CONTROL OF APPROPRIATION:-

4. The Government exempts the following items of expenditure from the operation of the Quarterly Control of Appropriation System for the provision made in the Budget Estimate 2022-2023:-

a) Schemes - Sub Head Level – Fully Exempted

- (i) All Central Sector Schemes and the schemes Shared between the State Government and Union Government

- (iii) Minor Works - Upto 60%

The proportionate level of distribution of the balance funds for the remaining quarter in respect of the above items are indicated in the **Annexure II** to this order.

- (iv) In respect of all Departments and categories not covered under general exemption and **Annexure II to V**, the quarter wise distribution as indicated in the **Annexure I** to this order shall be followed.

6. QCA RELAXATION IN IFHRMS: Since 31.07.2019, the QCA relaxation process had been made as a fully online process under IFHRMS. Thus, all Heads of Department are directed to send / initiate proposal for QCA relaxation through online IFHRMS only. **After approval in Finance Department, the Heads of Department**

should distribute the QCA relaxed amount i.e., extent of relaxed amount to the required DDOs without the intervention of the BCOs in the IFHRMS itself.

7. The Heads of Departments are directed to promptly carry out the reconciliation of accounts with Pay and Accounts Offices / Treasuries / Office of the Accountant General, periodically without any backlog.

8. The Additional Chief Secretaries / Principal Secretaries / Secretaries to Government have the responsibility to continuously evaluate the financial performance of different Heads of Department under their administrative control and also ensure that the expenditure is maintained within the Budget provisions. In addition to the measures outlined in the order fifth read above and in other instructions, **the Heads of Department are free to adopt any other control measures on expenditure to achieve economy.**

9. It is the responsibility of all Administrative Departments and the respective Heads of Departments to ensure that the budgeted Government programmes are implemented speedily. While doing so, the canons of financial discipline, propriety and accountability should be maintained at all costs.
